Correction to: *Prostate Cancer and Prostatic Diseases* <https://doi.org/10.1038/s41391-020-00288-y>

The original version of this article unfortunately contained a mistake. The first sentence of the Background section of the Abstract should read:

Unlike in other mouse models of atherogenesis, it has recently been suggested that orchiectomy plays a role in attenuating atherosclerosis and inhibiting the progression of cardiovascular disease in the ApoE^{-/-}:Ins2^{+ / Akita} mouse model of hyperglycemia. The original article has been corrected.
