### Correction to: Spinal Cord

<https://doi.org/10.1038/s41393-019-0308-y>  
published online 26 June 2019

Following publication of this article, the authors noticed an error in the conclusion. The sentence: ‘The cut-points for moderate-to-vigorous PA were defined as  $\geq 7503$  for women

and 9415 for men vector magnitude counts per minute (VMC) for PP and  $\geq 4887$  VMC/min for TP’, has now been corrected to: ‘The cut-points for moderate-to-vigorous physical activity were defined as  $\geq 9515$  for PP and  $\geq 4887$  VMC/min for TP’. This has been corrected in both the PDF and HTML versions of the article.
