## Support past the point of purchase

Purchasing decontamination equipment is an important investment.

Make sure this investment is protected with Eschmann's exceptional Care & Cover policy!

This comprehensive cover includes annual validation and pressure vessel certification, annual servicing and free software upgrades to ensure that systems remain reliable and at the cutting edge of infection control.

Plus, with unlimited breakdown cover, our fast-response nationwide team of engineers and our promise to only use original Eschmann parts in repair, you can guarantee that your systems receive the very best protection possible. As an added bonus, our engineers can even provide Enhanced CPD User Training for your team – an exceptional perk that is included in the price.

For more information on the highly effective and affordable range of infection control products from Eschmann, please visit [www.eschmann.co.uk](http://www.eschmann.co.uk) or call 01903 875787.

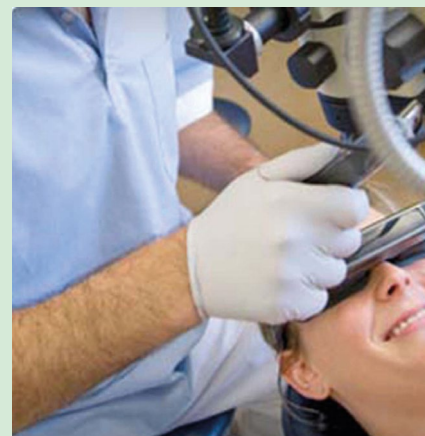

## Put our skills to the test!

At EndoCare we're proud of our skills. Our team of Endodontic specialists have years of experience between them, and as we only use the most cutting-edge methods and products, we can guarantee that our care is simply exceptional.

So, if you're faced with a complex endodontic case – why not refer to us?

We always go above and beyond for patients and will not only provide them with state-of-the-art treatment, but also supply tailored aftercare instructions. We will also ensure that when we return them to your care that you receive comprehensive treatment notes and our suggested next steps – it's our way of continuing care even once they've stepped out the door.

To find out more contact the team today on 020 7224 0999 or visit [www.endocare.co.uk](http://www.endocare.co.uk).

## Experience your future practice design

When it comes to building a new practice or redesigning an existing space, you need to be confident in your choices. Clark Dental offers a premium design and support service to ensure you are in control of every crucial detail.

We will work with you to create an inspiring and life-like 3D render of your desired practice environment, offering expert advice and bespoke guidance along the way. We can help you maximise the space available, construct a smooth patient

journey and deliver a great place to work for your team.

Backed by some of the highest-quality, most attractive and functional equipment on the dental market, we really can make your dream practice a reality.

To get started on the process and start experiencing your future practice design, contact our talented team at Clark Dental on 01268 733 146, email [info@clarkdental.co.uk](mailto:info@clarkdental.co.uk) or visit [www.clarkdental.co.uk](http://www.clarkdental.co.uk).
