

A GREENER CHOICE OF INTERDENTAL BRUSH

Patients care about the environment, and the impact of climate change. So, choose TANDEX, a premium oral health brand that is committed to operating responsibly, as well as optimising health.

Part of its range is the WOUDI interdental brush with an FSC-certified birchwood handle. In six sizes, it will efficiently remove debris for elevated everyday hygiene.

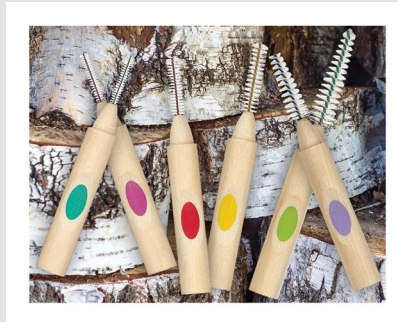

TANDEX sources materials locally and uses renewable energy in its factory. It is part of Operation Clean Sweep that aims to ensure plastic pellets, flakes and powders that pass through manufacturing don't end up in waterways, also the UN's Global Compact, the world's largest voluntary corporate sustainability initiative.

A choice for TANDEX is for products

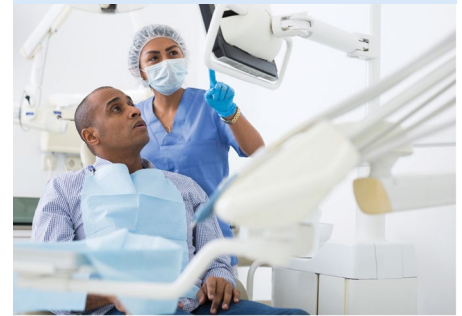

made with love for oral health and the planet.

For more information on Tandex's range of products, visit <https://tandex.dk/>.

TANDEX's products are also available from CTS Dental Supplies <https://www.cts-dental.com/> and DHB Oral Healthcare <https://dhb.co.uk/>.

AN EVENT FOR THE WHOLE INDUSTRY AND EVERY TEAM

For the best clinical insight, education and innovation, put the British Dental Conference and Dentistry Show 2023 in your diary.

Returning to the NEC Birmingham in May, the BDCDS is where the industry unites every year, to learn, network and gain valuable hours of CPD.

With a programme suitable for every member of the team, visitors to BDCDS 2023 can expect high quality lecture streams and debates.

The vast trade exhibition – over 400 suppliers, from global brands to exciting start-ups were present in 2022 – will give you the chance to build new partnerships, with people who can help you take your dentistry to a new level.

BDCDS 2023 is free for visitors to attend! Register your interest today.

The British Dental Conference and Dentistry Show 2023 will be held on Friday 12 and Saturday 13 May 2023, NEC Birmingham, co-located with DTS.

For more information, visit <https://birmingham.dentistryshow.co.uk/>, or email dentistry@closerstillmedia.com.

THE UNBEATABLE TAKE-HOME WHITENING EXPERIENCE

SDI has long been at the forefront of advanced professional tooth whitening with an excellent reputation for its award-winning Pola whitening gels for use in-practice, at home or on the go.

Launched in the UK in April 2021, SDI has changed the game again with Pola Light, an advanced, fast-acting take-home whitening system using Pola Day 6% hydrogen peroxide gel coupled with a comfortable LED mouthpiece that helps accelerate the whitening process.

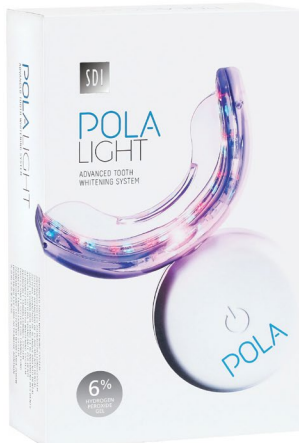

Proving that not all whitening treatments are the same, Pola Light is ready to use straight from the box with no impressions or custom trays required.

- Just 2 x 10 or 15 minutes treatments a day
- Portable, rechargeable LED mouthpiece, fully-charged for immediate use

- Unique blend of soothers, conditioners and high water content minimises sensitivity
- No mess high viscosity gel that does not leak from the trays
- Instruction guide and shade guide included
- Visibly whiter teeth in just FIVE days.

Pola Light offers patients an exciting, motivational whitening treatment for a brighter, more confident smile in a simple and manageable way. It's the ideal choice for whitening teeth quickly and safely at home as well as for future top up treatments.

For more information about SDI Pola Light, call 07970 156 178, email jayne.cahill@sdi.com.au or visit <https://sdiipola.co.uk/products/pola-light/>.

FEEL THE RUSH!

The Proxeo Air Scaler from W&H facilitates scaling and cleaning away hard and soft deposits both above and below the gum line with ease.

Fast, gentle and powerful, the Proxeo Air Scaler fits most turbine hoses meaning that it's ready to use straight away. Plus, the scaler has an assortment of tips available making it suitable for all patients.
