SUPPORT WITH EQUIPMENT MALFUNCTIONS

When facing equipment malfunctions and breakdowns, you need fast and reliable support from a team of engineers who know what they're doing.

Eschmann is proud to offer its industry-leading Care & Cover service backed up by a team of over 50 dedicated engineers, located across the UK.

They are specifically trained on the equipment so they know the products inside and out. They also have original manufacturers' parts readily accessible, which means the team provides the highest quality repairs and part replacements possible.

With Eschmann Care & Cover, you get peace of mind that, if you need help, the people coming out will have the knowledge,

skills and tools to get your infection control equipment back up and running quickly and efficiently. Find out more by contacting Eschmann today.

For more information on Care & Cover, or the highly effective and affordable range of infection control products from Eschmann, visit www.eschmann.co.uk or call 01903 875787.

ORAL CANCER WEBINAR TO BE HELD IN NOVEMBER

An online webinar, 'Oral Cancer Update' is being hosted by the Orthodontic National Group (ONG) on 16 November 2023 from 7–9 pm. The enlightening webinar

will feature Dr Zahid Khan, a renowned Specialist in Oral Medicine. This webinar is designed to provide a comprehensive update on oral cancer, covering various aspects from symptoms and risk factors to the referral process and team approach in managing oral cancer cases.

The objectives of the webinar are:

- To improve understanding of variations in signs and symptoms of oral cancer
- To increase awareness of the risk factors for oral cancer
- How to refer patients with suspicions for oral malignancy
- To understand the team approach in patients with oral cancer
- To give an overview of potentially malignant disorders.

The cost to attend the webinar for ONG and British Association of Dental Nurses (BADN) members is £25; for non-members the cost is £30. To book, visit <https://www.eventbrite.co.uk/e/oral-cancer-update-tickets-719621426057>.

WIN BACK YOUR LUNCH HOUR

The responsibility of writing routine and repetitive notes can often take over dental professionals' lunch hours and social lives. This time can be won back with Kiroku, the digital note taking platform.

Configured by the industry leaders in dental artificial intelligence, Kiroku makes

record taking simple and fast. Expertly designed prompts ensure the user includes all relevant information in a case, leaving nothing to be missed.

Notes can be easily completed within an appointment, without being entirely distracted, to ensure that they are highly

accurate and are personalised to each patient.

Clinical notes can be completed 60% faster, so clinicians have more time to not only provide excellent care for patients, but also look after themselves.

To find out more about Kiroku, or to start your free trial, visit <https://trykiroku.com/>.

If you would like to promote your products or services direct to the dental industry in BDJ Team, call Paul Darragh on 020 7014 4122 or email paul.darragh@springernature.com.
