

HAPPY BIRTHDAY

BDJ TEAM!

This March 2024 we celebrate ten whole years since *BDJ Team* was first published in 2014. To mark the occasion, our fantastic Art Editor Melissa has created a collage of all the *BDJ Team* covers to date. Do you spot any familiar faces among them – perhaps your own?

In ten years of *BDJ Team* we have published:

- 2,439 pieces of content
- 924 features
- Eight themed issues since 2020
- Over 100 hours of verifiable CPD to date (all free)!

Thank you to all the hundreds of dental care professionals (DCPs) and others who have contributed to *BDJ Team* over the decade and thank you to all our readers. We hope you have enjoyed reading *BDJ Team* and found it useful!

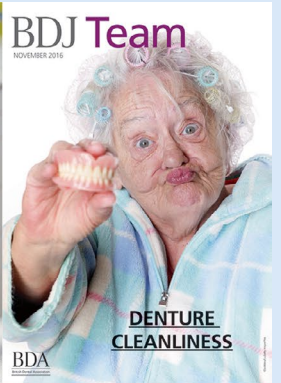

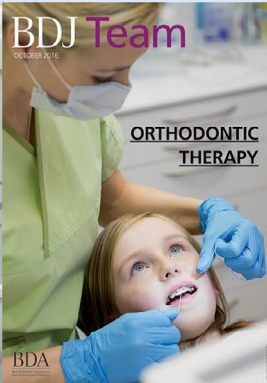

If you would like to become more involved with *BDJ Team*, visit our For Authors page (<https://www.nature.com/bdjteam/forauthors>), our Reader Panel page (<https://www.nature.com/bdjteam/readerpanel>) or drop the Editor, Kate Quinlan, a line on bdjteam@nature.com – or message through one of our social media channels (Facebook/X/Instagram). We would also love to hear feedback on any of our content.
