The original version of this Article contained errors in the footnote of Table 1.

The footnote was incorrectly published as:

^{a,b}Not yet reached puberty.

^cFailed pubertal progression.

Instead, the correct footnote should read:

^a4 males not yet reached puberty.

^b1 male not yet reached puberty.

^c1 female entered puberty spontaneously but failed to progress later requiring HRT.

This has now been corrected in both the PDF and HTML versions of the Article.
