Make confident communication your goal for 2020

According to a survey carried out by The Confident Dentist in 2019, 60% of dentists sometimes found that people hadn't understood what they were saying.

To help overcome this significant challenge, Dr Barry Oulton's Confident Dentist Academy offers its 'Influencing Smiles' two-day course, which is perfect for those in dentistry who interact with patients, team members and even their own family!

Delegates learn the skills to become a master of communication and sell with integrity, so they can lead their teams effectively, get their patients to listen, increase their private dentistry treatment acceptance, and even get more people to pay attention to them in their personal lives.

Dates for 2020 include: London – 14–15 February; Birmingham – 20–21 March; London – 19–20 June; and Belfast – 11–12 September.

For further information, visit www.theconfidentdentist.com, call 0333 220 2447 or email sally@theconfidentdentist.com.

Gently does it

Some patients can injure their teeth and gums from brushing them too rigorously. Why not recommend a toothbrush that facilitates gentle but effective removal of plaque? Curaprox offers the CS 5460 manual toothbrush in a wide range of eye-catching colours to encourage high patient compliance.

The CS 5460 features ultra-soft CUREN filaments that are densely packed onto a compact brush head, ensuring easy access to hard-to-reach areas of the oral cavity. With its octagonal handle, the CS 5460 enables patients to position it at the ideal angle for atraumatic cleaning of the teeth and gums.

Explore the colourful CS 5460 toothbrush range by visiting the Curaprox website today.

For more information call 01480 862084, email info@curaprox.co.uk or visit www.curaprox.co.uk.

Dramatically removes debris from your tongue

Established in London in 1992, the AMANO Tongue Cleanser is designed to be a quick, pleasant and visibly effective healthcare experience that can easily become part of your daily healthcare regime.

Using the AMANO Tongue Cleanser takes less than five seconds and you can clearly see the debris that is dramatically removed from your tongue. Also, due to the precise design and weight of the Tongue Cleanser, there is no gag effect.

Crafted in Italy from 18/10 Austenitic Steel – a high-grade chromium and nickel alloy – the AMANO Tongue Cleanser has been designed to give a superior tongue cleansing performance. It is also guaranteed for one year and is dishwasher safe.

To purchase, visit www.amanotonguecleanser.com.

What are you doing next September?

Following the resounding success of their 2016 event, Trycare have invited some of the world's leading authorities on Guided Bone Regeneration and Adin implants for a full day extravaganza in London on 11 September 2020.

Amongst the speakers will be world renown Patrick Palacci presenting 'New concepts in ridge augmentation procedures', Ulf Nannmark presenting 'Alternative strategies for the edentulous atrophic maxilla – future possibilities with biomaterials in large defects of the maxilla', Dr Paul Schuh presenting 'The biological design of soft and hard tissue around implants' and the UK's own Marcos White presenting 'Digital planning and analysis of bone grafting in the aesthetic zone'.

Delivering six hours of truly enhanced CPD from world renown speakers, an exhibition support by leading manufacturers and a Gala Dinner, with a further chance to meet old friends and make new acquaintances, it offers exceptional value for just £395.00 plus vat. Places will be limited and demand high so early booking is essential to guarantee your place.
