Building strong defences

Arm & Hammer Enamel Repair baking soda toothpaste provides the perfect formula to help patients combat acid erosion, and maintain strong and healthy teeth.

We know that acid attack and erosion can be a losing battle for some patients. The clinically proven baking soda and Liquid Calcium formula of Enamel Repair Toothpaste sets up the perfect defence by filling in tooth crevices and restoring enamel surfaces in five days, offering unrivalled protection.

To give your patients a helping hand in tackling acid erosion and building a strong and healthy mouth, look no further than Arm & Hammer Enamel Repair baking soda toothpaste.

For more information about the carefully formulated Arm & Hammer toothpaste range, visit <https://www.armandhammer.co.uk/> or email: ukenquiries@churchdwight.com.

Arm & Hammer oral healthcare products are available at Boots, Superdrug, Sainsbury's, Tesco, Asda and Morrisons throughout the UK.
