## Redeem your member points this January

Members of the Henry Schein Dental Rewards loyalty programme will want to know that this January is Redemption Month.

Every two years, members are asked to use or lose any points accumulated in their account, by redeeming them on a wide variety of items ranging from specially priced dental products to iPads and coffee machines. Or they can choose to put points towards their next order with Henry Schein, MediCruit or Software of Excellence by purchasing a voucher, or even to donate them to the charities Bridge2Aid, Cancer Research UK or Dentaaid.

Any points not spent or donated by 31 January 2022 will be wiped from accounts, with exceptions only for more recent joiners. For those who joined the scheme on or after 1 June 2021, points will be saved and rolled over into the 2022/2023 scheme.

To find out how to redeem, and for further information, visit Henry Schein Dental's Rewards Redemption page at <https://hsdental.co/rewards>, or log onto your Rewards account at [www.hsd-rewards.co.uk](http://www.hsd-rewards.co.uk).

For any Henry Schein customers who are not Rewards members, sign up at [www.hsdrewards.co.uk](http://www.hsdrewards.co.uk) to start earning points today.

## Happy new oral hygiene

For a healthier 2022, support your patients to improve their daily oral hygiene. For a beautifully clean mouth, the high-quality products from TANDEX are all they need.

To boost toothbrushing, recommend the TANDEX WOODI interdental brush for removing optimal debris. In a range of sizes, it will fit comfortably into different spaces; using the WOODI is a pleasure! It even has a handle made from responsibly-sourced birchwood, so it can be recycled.

TANDEX produces preventive tools, including brushes and interspace brushes for all ages and dental situations.

A new routine is right for a new year – and so is TANDEX.

## Dynamic bone management

Start using an implant system designed to work with you! The new Straumann BLX system is the culmination of Swiss premium quality, precision and pioneering innovation. Perfected for immediacy and an excellent solution for conventional treatment protocols too, this implant system is designed to suit your preference.

You won't need to worry about different bone types with the BLX system as it is designed for all bone types, which allows for Straumann Dynamic Bone Management. Work with a new-found confidence too, as with Roxolid material and SLActive surface you have the pleasure of working with technologies backed by long-term scientific evidence proving faster osseointegration rates.
