

Dental products and services

Please send product news information and images to Kate Quinlan at k.quinlan@nature.com. Product news is provided as a service to readers using text and images from the manufacturer, supplier or distributor and does not imply endorsement by the *BDJ*. Normal and prudent research should be exercised before purchase or use of any product mentioned.

Patient information leaflets

Good communication between dentist and patient is vital to an individual's oral health. Achieve better treatment consent and outcomes by backing up your spoken advice with a written leaflet. The Oral Health Foundation, the leading national charity working to improve oral health, offers 48 titles written by dental experts, peer reviewed, in Q&A format and approved by The Word Centre for Plain English.

The leaflets are now available in packs of 25 @ £4.30 or £4.90 each (depending on style) with no VAT. Visit www.dentalhealthshop.org.

Celebrating 100 years with customers

Dental materials manufacturer Schottlander have been celebrating their 100th anniversary this year.

To mark the occasion, the company held a party for colleagues on Friday 2 September. After the experience of the past few years, it was a huge pleasure to get everyone together for a proper celebration.

Schottlander would like to thank all of their customers, partners and colleagues for their continued support over the years, and look forward to working with them in the future.

Triple bristle for a winning smile

With the introduction of the 'ugly duckling' Triple Headed Toothbrush, Trycare have launched a paradigm shift in electric toothbrush heads that makes the Philips Sonicare even more effective, in fact three times more effective.

Designed by a dentist, the 'ugly duckling' Triple Headed Toothbrush Head features individual labial, lingual and occlusal orientated brush heads which combine to provide the most thorough toothbrush experience your mouth has ever enjoyed, delivering three times more prophylaxis for a two-minute cycle.

Featuring patented angled brush heads that clean along the gingival margin and extra soft bristles that do not harm enamel or gingiva, the labial and lingual heads are positioned at a 45° angle so they automatically brush perfectly every time. The three sides of the brush naturally adapting to the teeth so that it works on teeth of all shapes, sizes and positions.

Incorporating a built-in bristle indicator to let patients know it's time to change, 'ugly duckling' Triple Headed Toothbrushes are recommended for children eight years old and above. They are safe for use with implants and other restorations.

If you would like to evaluate a Triple Headed Toothbrush Head with your Philips Sonicare contact Trycare for a free sample.

For more information about 'ugly duckling' Triple Headed Toothbrushes contact your local Trycare representative, call 01274 885544 or visit www.trycare.co.uk/triple-bristle.
