## Become an exceptional dental implant clinician

When you decide to pursue dental implantology, it can be difficult to know where to start. Turn to Ucer Education for premier education that has a proven track record of excellence. For over 25 years, Ucer Education has been inspiring and empowering clinicians with the skills and knowledge they need to succeed.

Ucer Education's Postgraduate Certificate (PGCert) in Implant Dentistry (EduQual Level 7) equips professionals with all of the practical skills and knowledge they need

to integrate dental implantology into their practice with confidence.

Taught by the celebrated Professor Cemal Ucer, this course is your key to becoming an exceptional dental implant clinician.

To find out more and book your space, contact Ucer Education today.

Contact Professor Ucer at ucer@ icedental.institute or Mel Hay at mel@ mdic.co. Call 01612 371842 or visit www.ucer-clinic.dental.

## All the components you need in one box

Smile in a Box, a digital treatment planning and manufacturing service expertly crafted by Straumann, will allow you and your patients to enjoy all the benefits of digital dentistry, also immediate loading protocols.

It is a modular system, with certain steps carried out in your practice, then you choose what you need to outsource. Treatment planning is simplified, production is centralised and you will receive all the components you need in one box, in a single delivery.

Patients will spend less time at the practice, and still receive a successful and beautiful outcome. Smile in a Box offers good value, too.

Practices won't need to spend money on new equipment and software, making this an idea system for facilitating growth.

Get freedom and flexibility! To find out more, contact Straumann today. For more information, visit https://www.straumann.com/en/dental-professionals.html.

## Time to sample something new?

Are you looking to try some new products?

The Experience Demo Cube from 3M is a perfect place to start.

The 3M Experience Demo Cube contains a selection of popular products from 3M Oral Care, including Filtek Universal Restorative, Filtek One Bulk Fill Restorative and Scotchbond Universal Adhesive by 3M. It also contains a tooth model to test them on and a link to comprehensive hands-on training videos. This way, you can see how the products work and whether they align with your working style – a simple way to see how these products can help you achieve success.

You can order your FREE 3M Experience Demo Cube here: https://engage.3m.com/gb\_direct\_demo\_box\_1?utm\_term=hcbg-ocsd-den-en\_gb-lead-pr\_cube-pr-press-ekc-sample-v1-oct22-45310.

For more information, call 08705 360 036 or visit www.3M.co.uk/Dental.

3M, Filtek and Scotchbond are trademarks of the 3M Company.

## Ultimate protection against pathogens

Antibiotic resistant pathogens are on the rise.

To help slow the rate of these pathogens evolving, it is vital that all healthcare settings practice an excellent standard of infection control. The Signature Hand and Surface Sanitiser from Initial Medical is a trusted choice. This versatile spray is suitable for use on both surfaces and hands, rapidly killing 99.99% of pathogens. Plus, its dermatologically tested formula is kind on skin, making it ideal for repeated use.

To find out more, get in touch at 0870 850 4045 or visit the website today: www.initial. co.uk/medical.
