

Banish bad breath

Mouthwash plays a crucial role in preventing bad breath – an embarrassing, yet highly preventable issue.

The Breath Co provides a refreshingly different solution that will help your patients tackle unpleasant odour. The team will be on stand H20 at the BDIA Dental Showcase 2023 to talk to delegates about The Breath Co mouthwash solutions – The Breath Co 12-hour Fresh Breath Oral Rinse in mild and icy mint.

Formulated by a dentist, these solutions are alcohol-free for no harsh afterburn, and support (not strip!) the natural balance of the mouth for 12 hours after use. Unconditionally guaranteed to stop bad breath, the patented formula utilises the natural germ fighting power of oxygen to get to the source of bad breath and gum irritation.

Many patients suffer from bad breath – with The Breath Co oral rinses, you can help them smile with confidence.

Be sure to visit the team at this year's show!

Confident, competitive cover

Howden is returning to the British Dental Conference & Dentistry Show (BDCDS) in May.

Howden is a specialist dental indemnity provider that offers contract-backed Cover for Confidence in a wide number of scenarios – and they're Cost competitive too!

That's why they call their approach the 3 Cs.

Head to stand L12 to find out how switching to Howden is easy – with a safety net of retroactive protection for added reassurance.

Howden's clients get added value with a 24/7 mental health helpline and medico-legal helpline. They will give you quality advice, guidance and a space to vent – with Howden you'll have the right people on your side when you need them most.

Secure your FREE pass to BDCDS, NEC Birmingham, 12–13 May.

They look forward to meeting you!

For more information or to contact the team, visit www.howdengroup.co.uk or call 020 3918 9127.

Exciting implant event for Liverpool this autumn

Trycare have invited some of the world's leading authorities on Guided Bone Regeneration and Adin implants to present their findings at a full day 'Liverpool Bone and Implant Conference' on Friday 20 October 2023: an event not to be missed.

The speakers are world renowned Patrick Palacci (pictured) presenting 'Post-Covid implantology and a new approach to easier, quicker outstanding outcomes'; Luigi Canullo presenting 'Computer guided planning for clinical success in the aesthetic zone and crestal approach for sinus lifting', and the UK's own Carl Horton and Will Murphy presenting 'Immediate full arch loading pathways to success!'

Delivering six hours of truly enhanced CPD from top class speakers and an exhibition supported by leading manufacturers it offers exceptional value for just £250 plus vat; early Bird before 1 May 2023 is £195 plus vat. Places will be limited and demand high so early booking is essential to guarantee your place.

Trycare's Liverpool Bone and Implant Conference will be held in the Royal College of Physician's state-of-the-art Conference Centre with panoramic views over the whole city of Liverpool.

Why not make a weekend of it and enjoy everything Liverpool has to offer. There's something for everyone!
