

**CORRECTION**

# Correction: Phosphatase, pseudo-phosphatase, or both? Understanding PRL oncogenicity

Kalle Gehring  and Hiroaki Miki

*British Journal of Cancer* (2021) 124:1744; <https://doi.org/10.1038/s41416-021-01311-2>

Correction to: *British Journal of Cancer* <https://doi.org/10.1038/s41416-020-01194-9>, published online 3 December 2020

Since the publication of this paper, the authors have noticed a typographical error in the sentence “Magnesium deprivation leads to a slow decrease in phosphorylation while re-addition

leads to rapid dephosphorylation.”, where dephosphorylation has been used in error instead of rephosphorylation. The correct sentence should read “Magnesium deprivation leads to a slow decrease in phosphorylation while re-addition leads to rapid rephosphorylation”. This has been corrected in the paper. The authors would like to apologise for this error.
