Correction to: Cell Death and Disease

https://doi.org/10.1038/s41419-019-1473-9 published online 8 March 2019

Following publication of the original article, it has come to our attention that the Materials and Methods section of the paper was missing. This is because this section was accidentally omitted from the final version of the manuscript when it was submitted to production. Both the PDF and HTML versions of the article have been updated with the missing section and references. As a result, the references at the end of article have been renumbered as well. We apologize for this inconvenience.
