Since the publication of this paper, the authors have noted that there was an error in Fig. 7b–l. Mice were randomly divided into four groups: PBS group, CAWS group, CAWS +IL-37b group, CAWS +IL-37b +AAV9-IL-1R8 siRNA group. However, CAWS+IL-37b +AAV9-IL-37 siRNA was marked by mistake. This error has now been rectified. The correct figure is shown below. The original article has been corrected.
