Correction to: *Cell Death and Disease* <https://doi.org/10.1038/s41419-022-05245-2>, published online 20 September 2022

The original version of this article contained a mistake in the abstract. In the abstract, the sentence “The increased level of circ_0003215 was resulted from the RNA degradation by YTHDF2 is m6A reader protein” had to be changed to “The decreased level of circ_0003215 was resulted from the RNA degradation by the m6A reader protein YTHDF2”. The original article has been corrected.
