The PDB and EMD ID are lacked in the originally published paper. The PDB IDs for KCC2, KCC3, and KCC3 bound DIOA are 6M23,

6M1Y, and 6M22, respectively. The EMD IDs for the corresponding cryo-EM maps are 30061, 30049, 30058, respectively. This correction does not affect the description and conclusion of this paper.
