Correction to: *European Journal of Clinical Nutrition* <https://doi.org/10.1038/s41430-022-01221-3>, published online 14 October 2022

In the conclusion of this article, the sentence “Our results also suggest a negative synergism between high virgin OO consumption and total physical activity on all-cause mortality” was revised to read “Our results also suggest a synergism between high virgin OO consumption and total physical activity on all-cause mortality risk reduction”. The original article has been corrected.
