Correction to: *Gene Therapy* <https://doi.org/10.1038/gt.2016.66>, published online 22 September 2016

During the preparation of Figure 1A we inadvertently provided images of two different retinal sections rather than the same section with and without DAPI staining.

We now provide a corrected figure showing the same section in Figure 1A with and without DAPI

Revised Figure 1
