The original version of this article contained typographical errors in Eq. (1). The correct version of Eq. (1) reads:

$$T(D) = \frac{1}{2} P_{\text{ref}} D_{\text{ref}} \left[ e^{\beta_{0,\text{pas}} \left( \frac{D}{D_{\text{ref}}} - 1 \right)} + \frac{k}{k_{\text{ref}}} e^{-\frac{\left( \frac{D}{D_{\text{ref}}} - c_{\text{act}} \right)^2}{\omega_{\text{act}}^2}} \right]. \quad (1)$$

Note that, as the correct equation was used in the computational analyses, these typographical errors did not influence the results reported in the article.

The original article has been corrected.
