The Editor-in-Chief, on behalf of the Hypertension Research Editorial Board, greatly appreciate the generous support from peer reviewers. A total of 526 reviewers kindly reviewed the manuscripts submitted from January to December 2023. In appreciation of their valuable contributions, we have selected the Best Reviewers of the

Year 2023. These individuals are simply elected based on the number of completed reviews. The number beside the reviewers' names indicates the number of completed reviews of original submissions.

We express our sincere gratitude to all reviewers for continuous support for Hypertension Research.
