# Author Correction: Targeted gadofullerene for sensitive magnetic resonance imaging and risk-stratification of breast cancer

Zheng Han<sup>1</sup>, Xiaohui Wu<sup>1</sup>, Sarah Roelle<sup>1</sup>, Chuheng Chen<sup>1</sup>, William P. Schiemann<sup>2</sup> & Zheng-Rong Lu<sup>1,2</sup>

Correction to: *Nature Communications* <https://doi.org/10.1038/s41467-017-00741-y>, Article published online 25 September 2017

In the original version of this Article, the penultimate sentence of the Abstract incorrectly read 'The dose of the contrast agent for effective molecular MRI is only slightly lower than that of ZD2-Cy5.5 (0.5  $\mu\text{mol kg}^{-1}$ ) in fluorescence imaging.' The correct version states 'higher' in place of 'lower'. This error has been corrected in both the PDF and HTML versions of the Article.
