Author Correction: A next-generation tumor-targeting IL-2 preferentially promotes tumor-infiltrating CD8⁺ T-cell response and effective tumor control

Zhichen Sun , Zhenhua Ren , Kaiting Yang, Zhida Liu , Shuaishuai Cao, Sisi Deng, Lily Xu, Yong Liang, Jingya Guo, Yingjie Bian , Hairong Xu, Jiyun Shi, Fan Wang, Yang-Xin Fu & Hua Peng

Correction to: *Nature Communications* <https://doi.org/10.1038/s41467-019-11782-w>, published online 28 August 2019.

The original version of this Article contained an error in the Results section, which incorrectly read ‘Erb-sumIL2 did not make any change for tumor control when used after afatinib treatment. However, the administration of afatinib and the Erb-sumIL2 at the same time effectively control tumor growth and prevent tumor development after being rechallenged with a high dose of tumor cells (Fig. 5f).’ The correct version replaces ‘Erb-sumIL2’ with ‘Her-sumIL2’ in two instances. This has been corrected in both the PDF and HTML versions of the Article.
