Correction to: *Nature Communications* <https://doi.org/10.1038/s41467-018-05253-x>, published online 18 July 2018.

In the original version of this Article, some traces in Fig. 5c were improperly scaled which resulted in a wrong representation of the data. In particular, the traces for 1 pM Speract, the red trace for 100 pM Speract and the red trace for 1 nM Speract were improperly scaled. This has now been corrected in the PDF and HTML versions of the Article.
