Correction to: *Nature Communications* <https://doi.org/10.1038/s41467-020-14776-1>, published online 20 February 2020.

In the original version of this Article, the accession number of *Tripterygium wilfordii* genome assembly was not included in the “Data availability” statement. The “Data availability” statement has been amended from “The genome sequence data and transcriptome sequence data for *T. wilfordii* have been deposited under NCBI BioProject number [PRJNA542587](https://www.ncbi.nlm.nih.gov/bioproject/PRJNA542587)” to “The genome sequence data and transcriptome sequence data for *T. wilfordii* have been deposited under NCBI BioProject number [PRJNA542587](https://www.ncbi.nlm.nih.gov/bioproject/PRJNA542587) and the final assembly is available at GenBank under the accession number [JAAARO000000000](https://www.ncbi.nlm.nih.gov/nuccore/JAAARO000000000).”

This has been corrected in both the PDF and HTML versions of the Article.
