Correction to: *Nature Communications* <https://doi.org/10.1038/s41467-020-17229-x>, published online 7 July 2020

The original version of this Article contained an error in Fig. 3c, where residue Snf6_F103 was mislabelled as Snf6_F102. The Article also contained an error describing Fig. 3c in the “Results” section, which incorrectly referred to Phe80 instead of Phe103. The correct text should read ‘Arg84, the N-terminal residue of Snf6_loop 1, interacts with Asp578 from the HSA helix through hydrogen bonds (Fig. 3b), while the C-terminal residue Phe103 forms Π stacking with the residue Pro565 from Snf2 (Fig. 3c).’

These errors have been corrected in both the PDF and HTML versions of the Article.
