Correction to: *Nature Communications* <https://doi.org/10.1038/s41467-020-20265-2>, published online 4 January 2021.

The original version of this Article contained an error in the title, which was previously incorrectly given as ‘Three-phase electric power driven electoluminescent devices’. The correct version states ‘electroluminescent’ in place of ‘electoluminescent’.

This has been corrected in both the PDF and HTML versions of the Article.
