Correction to: *Nature Communications* <https://doi.org/10.1038/s41467-020-19493-3>, published online 8 December 2020.

The original version of this Article contained an error in Table 2, in which the total forest area for Protected area category II (third row from the top) was incorrectly stated as 1900 km². The correct value is 1,900,000 km². This has now been corrected in both the PDF and HTML versions of the Article.
