# Author Correction: Discovering the genes mediating the interactions between chronic respiratory diseases in the human interactome

Enrico Maiorino , Seung Han Baek, Feng Guo , Xiaobo Zhou , Parul H. Kothari, Edwin K. Silverman, Albert-László Barabási , Scott T. Weiss, Benjamin A. Raby & Amitabh Sharma 

Correction to: *Nature Communications* <https://doi.org/10.1038/s41467-020-14600-w>, published online 10 February 2020.

The original version of this Article omitted a reference to previous work in “Garcia-Vaquero, M.L., Gama-Carvalho, M., Rivas, J.D.L. et al. Searching the overlap between network modules with specific betweenness (S2B) and its application to cross-disease analysis. *Sci. Rep.* **8**, 11555 (2018)”. This has been added as a reference 31 in the second sentence of the third paragraph in Results subsection “Flow centrality between modules.” as follows: “Flow centrality is a betweenness measure that is parametric on a source set and destination set of nodes, and its coverage spans exclusively the shortest paths connecting the two modules, instead of the whole network, similarly to a recently proposed measure called Double Specific Betweenness (S2B) [ref. 31]”. This has been corrected in the PDF and HTML versions of the Article.
