Correction to: *Nature Communications* <https://doi.org/10.1038/s41467-020-19579-y>, published online 19 November 2020.

The original version of this Article incorrectly described and discussed the protein NRF1 as “nuclear factor erythroid 2-related factor-1”, while the correct full name of the NRF1 protein studied in this Article is “nuclear respiratory factor 1”. Any inference regarding nuclear erythroid 2-related factor-1 have been removed and do not otherwise affect the reported results. The PDF and HTML version of the Article as well as Supplementary Data 16 have been corrected to reflect this change.
