The original version of this Article contained an error in the Acknowledgements, which incorrectly read: “Data for Lake Võrtsjärv were provided by Estonian Environment Agency and by the Centre for Limnology at Estonian University of Life Sciences funded by the Estonian Research Council grants PRG 1167 and PRG709, and by the European Union’s Horizon 2020 research and innovation programme under grant agreement No. 95196.” The correct version replaces this sentence with “Data for Lake Võrtsjärv were provided by Estonian Environment Agency and by the Centre for Limnology at Estonian University of Life Sciences funded by the Estonian Research Council grants PRG 1167 and PRG709. This project has received funding from the European Union’s Horizon 2020 research and innovation programme under grant agreement No 951963.” This has now been corrected in both the HTML and the PDF versions of the Article.
