The original version of this article contained errors in Eq. (1) and in Fig. 6b.

Published online: 02 March 2023

In Eq. (1), the values of the constant and coefficients were incorrectly given and the third term within the parentheses was missing the quadratic variable T^2 . The equation incorrectly read:

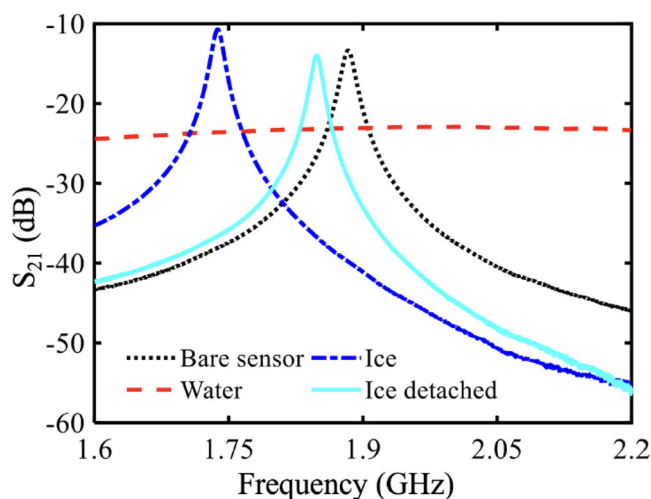

$$E = [10.4(1 + 0.107T + 1.87 \times 10^{-4})]^{-1} \pm 1\% \quad (1)$$

The correct form of Eq. (1) is:

$$E = [.104(1 + 1.07 \times 10^{-3}T + 1.87 \times 10^{-6}T^2)]^{-1} \pm 1\% \quad (1)$$

Furthermore, the original version of this article contained an error in Fig. 6b, in which the 'x' and 'y' axes were incorrectly labelled as 'Time (min)' and 'Resonant frequency (GHz)', respectively. The correct version of Fig. 6b is:

These have been corrected in both the PDF and HTML versions of the article.
