The original version of this Article contained an error in the captions of Figures 2, 3, and 4, in which the major tectonic boundaries incorrectly referred to reference 47. The correct version refers to reference 48 in place of 47. Reference 48 has been added as

48. Korsch, R. J. & Doublier, M. P. Major crustal boundaries of Australia, and their significance for mineral systems targeting. *Ore Geol. Rev.* **76**, 212–228 (2016).

Original reference 48 (Hughes, A. Australian Operating Mines Map 2019. <http://pid.geoscience.gov.au/dataset/ga/133033> (Geosciences Australia, 2020)) has been updated to reference 49.

This has been corrected in both the PDF and HTML versions of the Article.
