The original version of this Article omitted a reference to previous work in ‘Pushkina, A. A., Maltese, G., Costa-Filho, J. I., Patel, P. & Lvovsky, A. I. Superresolution linear optical imaging in the far field. *PRL* **127**, 253602 (2021)’. This has been added as reference 17 at the end of the first sentence of the second paragraph of the Introduction: ‘Another promising route in the realisation of SRM techniques is to take into account the quantum nature of light 13, 14, 15, 16, 17’. This has been corrected in the PDF and HTML versions of the Article.
