Author Correction: The demise of the largest and oldest African baobabs

Adrian Patrut , Stephan Woodborne , Roxana T. Patrut, Laszlo Rakosy, Daniel A. Lowy, Grant Hall and Karl F. von Reden

Correction to: *Nature Plants* <https://doi.org/10.1038/s41477-018-0170-5>, published online 11 June 2018.

In Supplementary Table 1 originally published with this Brief Communication, the authors gave an incorrect GPS easterly coordinate for tree number 12 (Makulu Makete Big baobab); the coordinate '22° 34.584' S, 25° 52.261' E' should have read '22° 34.584' S, 28° 52.261' E'. This has now been amended in the online Supplementary Information file for this Brief Communication.
