

Author Correction: Long-term impacts of *Bt* cotton in India

K. R. Kranthi and Glenn Davis Stone 

Correction to: *Nature Plants* <https://doi.org/10.1038/s41477-020-0615-5>, published online 13 March 2020.

In the version of this Perspective originally published, in the graphs labelled ‘Punjab’ in Figs. 4 and 6, the black curve mistakenly presented yield data for all of India instead of the yield data for only the state of Punjab, and, furthermore, a production error in Fig. 4 led to the graph labelled ‘Haryana’ being a duplicate of the ‘Rajasthan’ graph. The original and corrected Figs. 4 and 6 are shown below. In Fig. 5, the left *y*-axis label ‘Yields (kg ha⁻¹)’ and the right *y*-axis label ‘Fertilizer use (kg ha⁻¹)’ were switched. These errors have now been corrected in the Perspective.
