

Author Correction: A calcium signalling network activates vacuolar K⁺ remobilization to enable plant adaptation to low-K environments

Ren-Jie Tang , Fu-Geng Zhao, Yang Yang, Chao Wang, Kunlun Li, Thomas J. Kleist, Peggy G. Lemaux  and Sheng Luan 

Correction to: *Nature Plants* <https://doi.org/10.1038/s41477-020-0621-7>, published online 30 March 2020.

In the Supplementary Information PDF originally published with this Article, the K⁺ concentration values along the *x* axis of Supplementary Fig. 15b were mislabelled; they should have read '10', '40', '60', '100' instead of '100', '60', '40', '10'. This has now been corrected and the updated Supplementary Information PDF is available online.
