Author Correction: Redox-active conducting polymers modulate *Salmonella* biofilm formation by controlling availability of electron acceptors

Salvador Gomez-Carretero¹, Ben Libberton¹, Karl Svennersten¹, Kristin Persson², Edwin Jager³, Magnus Berggren², Mikael Rhen^{1,4} and Agneta Richter-Dahlfors¹

npj Biofilms and Microbiomes (2018) 4:19; doi:10.1038/s41522-018-0061-6

Correction to: npj Biofilms and Microbiomes; <https://doi.org/10.1038/s41522-017-0027-0>; Published online 4 September 2017

In the original published article, the author list did not include Karl Svennersten, Kristin Persson, Edwin Jager and Magnus Berggren. After publication, we were notified by the corresponding author that the author list did not accurately reflect the contributions made, and these authors have been added to the author list. The original “Author Contributions” stated that “S.G.C., M.R., and A.R.D. designed research; S.G.C. performed all experiments...” this has been updated to read “S.G.C., K.S., K.M.P., E.W.H.J., M.B., M.R., and A.R.D. designed research; K.S., K.M.P., and E.W.H.J. performed experiments; S.G.C. performed all reported experiments...”. The “Acknowledgements” previously read “We thank K. Svennersten, A. Kader, K. Persson, and M. Berggren for fruitful discussions, and S. Löffler for insightful comments on the manuscript...” and have been updated to state “We thank A. Kader for fruitful discussions and S. Löffler for insightful comments on the manuscript...”. The

“Competing Interests” section did not require any amendments. All authors have agreed with this correction statement and authorship change.
