

Publisher Correction: Dive into the Universe

May Chiao

Correction to: *Nature Astronomy* <https://doi.org/10.1038/s41550-020-01231-w>, published online 24 September 2020.

The initially published version of this Books & Arts article referred to Wolfgang Steffen as one of the pioneers of the type of 3D visualization outlined in the article, and suggested the technique was straightforward; neither points are accurate. The sentence “The general procedure, according to one of the pioneers, Wolfgang Steffen, is straightforward.” has therefore been amended to read “The general procedure, according to 3D astrophysical modelling expert Wolfgang Steffen, is straightforward (at least conceptually).” Furthermore, the cover image was mistakenly of the US edition instead of the UK edition; the correct image has been uploaded. All versions of the article have been corrected.
