Correction to: *Nature Astronomy* <https://doi.org/10.1038/s41550-022-01604-3>, published online 14 February 2022.

In the version of this article initially published, in Fig. 1a, the location of “Luna 20” mistakenly appeared at top-center of the lunar image rather than middle-right as in the current version, due to a reversal of coordinates. The image has been corrected in the HTML and PDF version of the article.

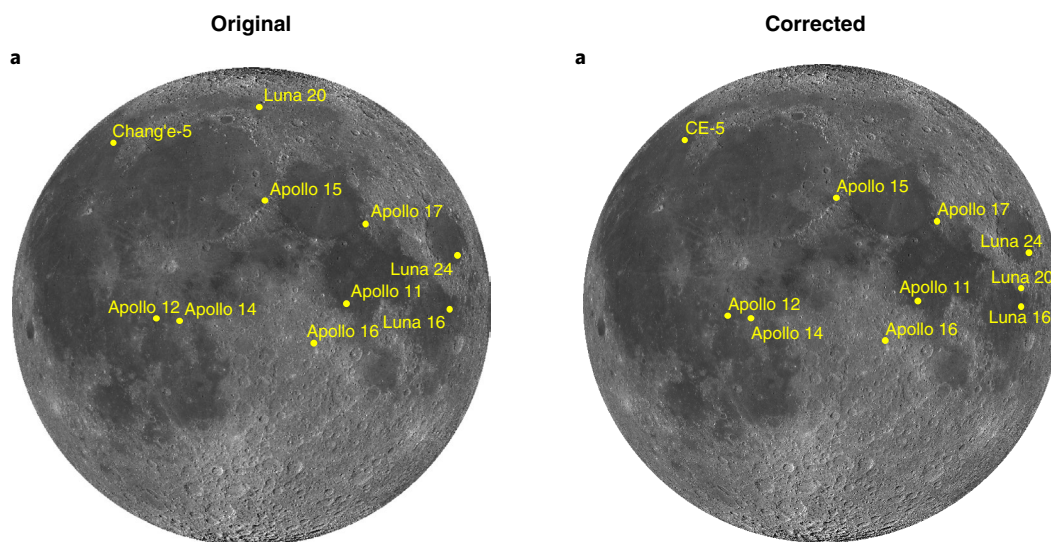

Fig. 1 | Original and corrected.
