In the version of the article initially published, in the third paragraph of the “Energy flux of the fibril oscillations” section, the text now reading “densities were $6.33 \times 10^{-10} \text{ kg m}^{-3}$ and $3.72 \times 10^{-10} \text{ kg m}^{-3}$ ” previously read “densities were $6.33 \times 10^{-4} \text{ kg m}^{-3}$ and $3.72 \times 10^{-4} \text{ kg m}^{-3}$ ”. This has been amended in the HTML and PDF versions of the article.
