Correction to: *Nature Cell Biology* <https://doi.org/10.1038/ncb2910>, published online 23 February 2014.

In the version of Supplementary Fig. 6c originally published with this Article, the immunoprecipitation (IP) and immunoblotting (IB) tags in the top panel were mislabelled. In addition, in Supplementary Fig. 6e, the blot of the IP: Numb; IB: β -Trcp panel for HCT15 was mistakenly duplicated for HCT116. The correct versions of these figures are shown below. An independent repeat of the experiments presented in Supplementary Fig. 6c and e, showing results that are consistent with those reported in the unprocessed blots, have been deposited in figshare ([10.6084/m9.figshare.7570685](https://doi.org/10.6084/m9.figshare.7570685)).
