In the version of this article originally published, there were several errors in the author information. The email for co-corresponding author Michael M. Kozlov was missing from the ‘author information’ section in the HTML version of the paper. The corresponding author sentence in the HTML should read “Correspondence to Michael M. Kozlov or Li Yu.” Furthermore, an equal contribution statement was missing for co-authors Yuwei Huang, Ben Zucker and Shaojin Zhang. This should be affiliation footnote number 6 and read “These authors contributed equally: Yuwei Huang, Ben Zucker, Shaojin Zhang.” The errors have been corrected in the HTML and PDF versions of the paper.
