## Publisher Correction: Epithelial cell plasticity drives endoderm formation during gastrulation

Katharina Scheibner, Silvia Schirge, Ingo Burtscher, Maren Büttner, Michael Sterr, Dapeng Yang, Anika Böttcher, Ansarullah, Martin Irmler, Johannes Beckers, Filippo M. Cernilogar, Gunnar Schotta, Fabian J. Theis and Heiko Lickert

Correction to: Nature Cell Biology https://doi.org/10.1038/s41556-021-00694-x, published online 24 June 2021.

In the version of this Article originally published, text referencing ATAC-seq data was incorrectly retained. References to ATAC-seq data, which are not included in this study, should be removed from the text in the Results sections 'In vitro-generated definitive endoderm forms by partial EMT' and 'Foxa2 suppresses a complete EMT during endoderm formation', as well as from the author contributions section. The Methods subsection 'ChIP-seq and ATAC-seq data visualization' should also be completely removed. The errors have been corrected.
