The authors noticed a mistake in Supplementary Table 1 after publication. The sequences listed in rows 44–46 for oligos sgRagC_5'_rev, sgRagC_3'_for and sgRagC_3'_rev were not correct, due to copy–paste errors introduced during file preparation. The correct sequences for these oligos are now presented in rows 44–46 in the corrected Supplementary Table 1 online. All other oligo sequences were double-checked and remain accurate. The respective plasmid constructs used to knock out RagC as well as the resulting cell lines are also correct. The authors sincerely apologize for this error.
