In the version of this article initially published, in the “Lysophagy” subsection, in the text reading “Lysophagy is the selective degradation of damaged lysosomes by autophagy. Leakage of lysosomal enzymes into the cytosol, due to lysosomal membrane rupture, leads to lysosomal cell death<sup>17</sup>,” the reference citation is incorrect. The reference that should have been cited is Aits, S. & Jäättelä, M. Lysosomal cell death at a glance. *J. Cell Sci.* **126**, 1905–1912 (2013). This notice serves to update the citation.

In the version of this article initially published, in the x-axis labels of Fig. 3c, “5× argine” and “10× arginine” should have read “5× arginine” and “0× arginine.” The errors have been corrected in the HTML and PDF versions of the article.
