In the version of the article initially published, the 4EBP1 DN panel in Fig. 7a and the Torin1 panel (fluorescence) in Supplementary Fig. 7a were duplicated due to an error in figure preparation. Supplementary Fig. 7a is correct. The corrected images for Fig. 7a stemming from an existing experimental replicate are shown below in Fig. 1. The errors are in presentation only and do not affect the conclusions of the study. The authors apologize for this error.
