Correction to: *Nature Ecology & Evolution* <https://doi.org/10.1038/s41559-021-01593-y>, published online 23 December 2021.

In the version of this article initially published, in Methods Equations (3) and (4), approximately-equal-to symbols originally appeared rather than single tildes in the equations. The corrected equations are shown below and have been amended in the HTML and PDF versions of the article.

$$m_j \sim \text{Normal}(0, V_\alpha) \quad (3)$$

$$\varphi_t \sim \text{Normal}(0, \sigma_\varphi^2) \quad (4)$$
