

## Publisher Correction: Economics of converting renewable power to hydrogen

Gunther Glenk  and Stefan Reichelstein

Correction to: *Nature Energy* <https://doi.org/10.1038/s41560-019-0326-1>, published online 25 February 2019.

In the version of this Article originally published, the units for ‘Electricity price,  $p_e$ ’ and ‘Subsidy: PP or PTC’ in Table 1 and ‘LCOE’, ‘Levelized PP’, ‘Levelized PTC’, ‘Wind energy profit margin’, ‘Conversion premium’ and ‘LFCH’ in Table 2 were incorrectly given as ‘€ kWh<sup>-1</sup>’ for Germany and ‘US\$ kWh<sup>-1</sup>’ for Texas; these should have read ‘€c kWh<sup>-1</sup>’ and ‘US\$c kWh<sup>-1</sup>’, respectively. In Fig. 1, the y axes labels were incorrectly given as ‘€ kWh<sup>-1</sup>’ for panel a (Germany) and ‘US\$ kWh<sup>-1</sup>’ for panel b (Texas); these should have read ‘€c kWh<sup>-1</sup>’ and ‘US\$c kWh<sup>-1</sup>’, respectively. These errors have now been corrected.
